SENSA DMX POWER SUPPLY
5V power supply for DIN rail
Art. no. 96261603

Application

Power supply to be mounted on DIN rail for use specifically with the Sensa DMX Controller (when not powered by the laptop through the USB port) and the Sensa DMX splitter ref. 96261602

Design notes

Power supply to be mounted on DIN rail for use specifically with the Sensa DMX Controller (when not powered by the laptop through the USB port) and the Sensa DMX splitter ref. 96261603

Functional description

- DIN rail mounting
- universal AC input
- protection against short circuit, overload, over voltage
- isolation Class II
- no load power consumption (<0,5W)

Technical data

Dimensions	25 x 93 x 60 (L x W x H, in mm)
