

Voyager Square

Strong, smooth and highly protected

- IP 65 - protection against dust & water, making it an ideal fitting for indoor and outdoor applications
- IK 10 impact strength: resists impacts of up to 20 joules ensuring a high level of protection against mechanical shocks
- Clean, smooth aesthetic design reduces dust and dirt accumulation and ensures easy cleaning and lowest maintenance requirements
- Easy installation saving time and money
- Self-contained emergency luminaires rely on long-lasting batteries. The high-tech lithium iron phosphate battery used is robust and comes with a three-year guarantee, giving users peace of mind.
- With a recognition range of 44 metres, and a luminance level > 500 cd/m² in the white area and > 200 cd/m² on average (acc. to DIN 4844), the luminaire fulfills the highest illumination standards and is clearly visible also in demanding environments.

Photographs, line drawings and photometric data are representative only. For specific product detail please select an individual product.

Material/Finish

Body and bezel: polycarbonate, white
 Diffuser: polycarbonate, white, diffuse
 Screws: steel, zinc plated
 Silicone and halogen free

Installation/Mounting

Wall mounted luminaire. Loop-in, loop-out possible for cables up to 2.5mm². BESA compatible.
